Unparalleled Productivity & Flexibility for Envelopes and More...

Today's print shops require flexibility from the solutions employed within them, and the Elan 170 delivers on that requirement. Whether printing over 18,000 #10 envelopes per hour, running corrugated boxes, paper bags, or more traditional sheet medias at 170 Letter impressions per minute, the Elan 170 offers high quality 1600x954 DPI or 1600x1600 DPI output with water fast CMYK pigment inks, low power consumption, and attractive running costs, all with a design that ensures the system is field upgradable to support new innovations & features.

This unique product was developed by Delphax Solutions Inc., a Canadian designer and manufacturer of cut sheet and continuous digital inkjet solutions.

Delphax Solutions Inc. is a business unit of Air T, Inc. holdings [NASDAQ: AIRT].
